壹、主席致詞：(略)

貳、活動前書面提問回應：

### 114學年度第1學期「校長與學生有約」會前書面建議與回應 PRE-MEETING WRITTEN SUGGESTIONS AND RESPONSES FOR MEETING WITH PRESIDENT IN 114-1 SEMESTER

建議與回應	
問題 1-1	<p><b>【材料系同學】</b> 希望校內能設立更多學餐（能分散在校內其他區域更好）</p>
會 前 書面回應	<p><b>【總務處(資產經營組)】</b></p> <p>1.因校內空間有限，除圓廳外，目前沒有符合食安法或相關規定可以設立學餐的空間。學校將持續評估未來在空間調整或新建工程中增加學餐設施的可行性。</p> <p>2.目前與廠商洽談中，如各大樓有意願提供場地試賣便當，可與資產組聯絡。</p> <p><b>【Office of General Affairs】</b></p> <p>1.Due to limited campus space, there are currently no suitable areas that meet food safety regulations for new cafeterias. The university will continue to explore the possibility of adding dining facilities in future projects.</p> <p>2.We are currently in discussions with the vendor. Building management committees that are willing to provide space for trial lunchbox sales may contact the Property Operation Division.</p>
問題 1-2	<p><b>【材料系同學】</b> 校內實驗的公共實驗儀器更新（可以先從儀器對應的電腦主機、螢幕或是軟體開始更新）</p>
會 前 書面回應	<p><b>【材料系】</b> 感謝學生提供建議。針對本系公共實驗儀器更新部分，已了解學生們相關需求。後續將優先針對與儀器連動的電腦主機、螢幕及操作軟體進行檢視與更新，以確保操作穩定性與效能。待軟硬體環境完善後，將再視經費與使用狀況，逐步規劃儀器本體的更新或維護，持續提供更優質的實驗環境。</p>

建議與回應	
	<p><b>【Department of Materials Science and Engineering】</b></p> <p>Thank you to the students for providing their suggestions. Regarding the updates to the department's shared laboratory instruments, we have taken note of the students' needs. In the next phase, priority will be given to reviewing and upgrading the computer hosts, monitors, and operating software connected to the instruments, in order to ensure operational stability and performance. Once the software and hardware environment has been improved, we will further plan for the gradual replacement or maintenance of the instruments themselves, depending on available funding and usage conditions, to continuously provide a high-quality experimental environment.</p>
問題 2	<p><b>【植病系同學】</b></p> <p>校長您好，我們植病系上有「家族制度」，由學長姐帶新生，會舉辦聚會幫助新生融入。這些活動對新生幫助很大，但目前聚會花費都由學長姐或新生分攤，多少會造成經濟壓力，也可能降低參與度。想請問校方是否能考慮針對這類自發性的迎新相關活動，提供部分補助或建立申請管道，讓學生活動更順利推展？</p>
會 前 書面回應	<p><b>【學務處(課外組、健誥中心)】</b></p> <p>1.針對「家族制度」這類由同學自發之非正式組織所舉辦的活動，課外組並無提供相關經費補助。建議可與系上討論家族迎新聚餐與導生活動結合，聚餐之部分經費由導生費支應。</p> <p>2.導生活動費運用應以具有輔導學生事實為前提，且依本校相關規定辦理經費核銷及審核之行政程序，如屬導師及學生透過共同參加正當之校外休閒、學術性、藝文性等活動或輔導後聚餐，以促進師生關係而辦理之活動，皆可使用導生活動費支應。</p> <p><b>【Office of Student Affairs】</b></p> <p>1. The extracurricular activities division does not provide funding for activities organized by voluntary, informal student groups, such as those related to the "family system." We suggest discussing with the department the possibility of integrating the family orientation gathering with the mentorship activities, allowing a portion of the meal expenses to be covered by the mentorship activity fund.</p> <p>2. The utilization of the Mentorship Activity Fund shall be predicated upon activities that substantively involve student guidance. All expenditures and reimbursements shall be conducted in accordance with the relevant university regulations and administrative review procedures. The fund may be used to support activities in which mentors and students jointly participate in legitimate off-campus recreational, academic, or cultural events, as well as post-guidance gatherings—such as meals—aimed at fostering and enhancing mentor–student relationships.</p>
問題 3-1	<p><b>【人工智慧碩專同學】</b></p> <p>選課人數提升限額</p>
會 前 書面回應	<p><b>【人工智慧與資料科學碩士在職學位學程】</b></p> <p>下學期選課人數預計提升至 20 人。</p> <p><b>【Executive Master Program in Artificial Intelligence and Data Science】</b></p> <p>The number of students expected to enroll next semester is projected to increase to 20.</p>
問題 3-2	<p><b>【人工智慧碩專同學】</b></p> <p>人工智慧硬體升級，資訊科學大樓，U701,U702 以 GB300 處理器為需求，以便處理大量視覺數據資料</p>
會 前	<p><b>【人工智慧與資料科學碩士在職學位學程】</b></p>

建議與回應	
書面回應	<p>目前已採購 8 台，採購流程進行中，預計下學期持續更新 6 台電腦。</p> <p><b>【Executive Master Program in Artificial Intelligence and Data Science】</b> Eight computers have been purchased, and the procurement process is ongoing. An additional six computers are expected to be upgraded next semester.</p>
問題 4-1	<p><b>【創經系同學】</b> 進修部學生被矮化問題在本校非常嚴重，進修學生權益被忽視： 想申請日間選課要特殊辦理，原本通識課也能一起選，這學期開始也不能一起選，導致很多想修的課程我們都選不到。</p>
會 前 書面回應	<p><b>【教務處(課務組、通識中心)】</b></p> <p>1. 專業課程：學士班學生如欲跨部選修日間部或進修部一般課程，本學期表訂於 8 月 18 日至 9 月 19 日填寫「學士班、進修學士班互選課程申請單」，日間部學生送至行政大樓 104 辦公室；進修部學生送至綜合大樓 107 辦公室，辦理人工加選作業。</p> <p>2. 通識課程：本學期選課作業與往年相同，「通識第 1 階段選課（原稱通識預選）」為日間部學生選日間部課程、進修部學生選進修部課程。自開學第 1 週起，系統開放日夜互選，同學可登入選課系統加選尚有名額之課程。若課程名額已滿，可先徵得授課教師同意後，於第 2 週依程序辦理線上權限加簽作業。</p> <p><b>【Office of Academic Affairs】</b></p> <p>1. Professional Courses: Students from the Division of Continuing Education who wish to enroll in regular daytime courses must complete the “Application form for Course Registration between undergraduate and extension education program” between August 18 and September 19 and submit it to Office 107 in the Teaching Complex Building for manual course registration.</p> <p>2. <b>General Education Courses:</b> This semester's General Education course selection process remains the same as in previous semesters.</p> <p>During General Education Course Selection – Phase 1 (formerly General Education Pre-selection), daytime program students may select daytime courses, and evening program students may select evening courses.</p> <p>Starting from the first week of the semester, day-evening cross-selection will be open. Students may log in to the course selection system to add courses with available seats. If the course is full, please first obtain the instructor's approval for authorization-based add-in, then complete the online authorization add-in procedure in the second week.</p>
問題 4-2	<p><b>【創經系同學】</b> 點名單以及成績單我們都要被特別加上進修部，讓老師和同學間都會出現差別待遇，增加進修部學生積極修課時的心理壓力以及使用學校資源時的差別待遇。</p>
會 前 書面回應	<p><b>【教務處(註冊組)】</b></p> <p>1. 本校成績單統一資訊欄位為：學號、姓名、學院、學制、系所組別、雙主修/輔系、入學年月、畢業年月。其中「學制」欄位（如日間學制、進修學制等）係屬基本學籍資訊，用以確保課務、成績及畢業審查作業之正確性。</p> <p>2. 另本校依據111年11月10日第84次教務會議第五案決議：「統一修正本校學位證書上</p>

<b>建議與回應</b>	
	<p>各學制班別名稱與本校組織規程所列教學單位(院、系、所、學位學程)之學制班別名稱一致」，並為維護各項教務文件間之資料一致性與行政正確性，於111年11月23日以興教字第1110200860號書函公告各院系所：「為確保學生自入學起、在學期間至畢業等各階段之各項教務證明文件(包含成績單、在學證明、學位證書等)之所屬教學單位(含學制班別)名稱一致性，自111學年度第一學期起實施，亦即適用於本決議事項公告後之入學新生(即112學年度後之入學新生)」。此項作業亦係統一規範全校教務文件格式，以利校內外相關資料對應、填報及各項證（明）書核發作業，確保各項資料之正確與一致。</p> <p><b>【Office of Academic Affairs】</b></p> <p>1. Transcript Information: The standardized information fields on our university transcripts include: student ID, name, college, academic program, department/major, double major/minor, admission date, and graduation date. The "academic program" field (e.g., day division, continuing education division, etc.) is considered basic enrollment information, which ensures the accuracy of course registration, grades, and graduation review processes.</p> <p>2. Policy Update on Degree Certificates: According to the resolution of the 84th Academic Affairs Meeting on November 10, 2022, the following decision was made: "The names of academic programs listed on degree certificates will be standardized to align with the names of the academic units (colleges, departments, graduate schools, degree programs) as outlined in the university's organizational regulations." To maintain consistency in academic documents and ensure administrative accuracy, the university issued a notice on November 23, 2022 (Document No. 1110200860) to all colleges, departments, and graduate schools. The notice stated that, starting from the first semester of the 2022 academic year, all academic documents (including transcripts, enrollment certificates, degree certificates, etc.) for students will consistently use the same academic unit names (including program names) from admission through to graduation. This policy applies to all new students admitted from the 112th academic year onward. This initiative standardizes the format of academic documents across the university, facilitating consistent and accurate documentation for both internal and external administrative purposes.</p>
問題 4-3	<p><b>【創經系同學】</b></p> <p>我們是中興校內學生卻不能跟校內學生一起申請雙主修或轉系,雙主修或轉系資格應該是又大家各自本事,由各系各自裁決,如果是校內生應該要站在同一個起跑線,不應該有差別待遇。</p>
會前書面回應	<p><b>【教務處(註冊組)】</b></p> <p>1. 申請轉系：依據教育部109年12月10日臺教高(二)字第1090175929號函規定，「自110學年度起禁止大學於校內不同學制間之轉系，倘遇有缺額應透過轉學招生方式辦理。」，各學系學生得依本校「學生轉系辦法」提出申請，惟學士班與進修學士班</p>

<b>建議與回應</b>	
	<p>屬於不同學制體系，爰依教育部規定，學士班及進修學士班肄業學生不得相互轉系。</p> <p>2.申請雙主修：為拓展學生學習領域，學生得依本校「學生修讀雙主修辦法」提出申請。惟學士班與進修學士班屬於不同學制體系，爰依前揭辦法規定：學士班及進修學士班不可相互修讀雙主修。</p> <p><b>【Office of Academic Affairs】</b></p> <p>1. Application for Double Major:</p> <p>To broaden students' academic horizons, accommodate their individual learning needs, and enhance their employability, students may apply for a double major in accordance with the University's Regulations Governing Double Major Studies. As the Day Program (Undergraduate Program) and the Continuing Education Bachelor's Program are separate academic systems, Article 3 of the aforementioned Regulations clearly stipulates that students of the Day Program and those of the Continuing Education Bachelor's Program may not pursue a double major across the two programs.</p> <p>2. Application for Interdepartmental:</p> <p>According to the Ministry of Education's official letter (Ref. No. Tai-Jiao-Gao-(II)-Zi-1090175929) on Dec. 10, 2020, stating: "universities are prohibited from approving inter-program transfers within the same institution starting from academic year 2021. Any vacancies shall be filled through the transfer admission process." Students who find that their current department or program does not align with their personal interests may apply for a transfer in accordance with the Regulations Governing Student Program Transfers. As the Undergraduate Day Program and the Undergraduate Continuing Education Program are separate educational systems, students enrolled in one program are not permitted to transfer to the other.</p>
問題 5-1	<p><b>【生科系同學】</b></p> <p>請問東二門在上下課尖峰時間已人滿為患交通阻塞，為何還要增設汽車道柵欄通行讓人車卡在一起？</p>
會 前 書 面 回 應	<p><b>【總務處】</b></p> <p>因先前有師生反映假日外借大型活動時，車輛時常於校區內堵塞，所以才建置東二門汽車出口，但考量平日東二門的行人與腳踏車人流較多，所以假日期間人流較少時，有外借場地辦理大型活動時才啟動管制，盡量不影響平日同學的出入並兼顧假日活動時散場的效益。</p> <p><b>【Office of General Affairs】</b></p> <p>Since faculty and students previously reported that traffic congestion often occurred on campus during large-scale events held on weekends, the 2nd East Gate vehicle exit was constructed. However, considering that there is a high volume of pedestrians and bicycles passing through the 2nd East Gate on weekdays, the traffic control measures are only activated on weekends when pedestrian flow is lower and when large-scale events are held by external organizers. This approach minimizes the impact on students' daily access while improving traffic flow during event dispersal.</p>
問題 5-2	<p><b>【生科系同學】</b></p> <p>請問校門口為何只有貼告示牌和地面標線就等於是人行道、腳踏車道的改善完成？行人</p>

建議與回應	
	和腳踏車仍會卡在一起，並無改善。
會 前 書面回應	<p><b>【總務處(事務組)】</b> 因目前校門口車道寬度有限制，增設專用自行車道及人行道的空間較有限，本處會再研議是否有更好的改善方式。</p> <p><b>【Office of General Affairs】</b> As the roadway width at the campus entrance is currently limited, there is not much space available to add dedicated bicycle lanes and sidewalks. Our office will further discuss and evaluate whether there are better ways to improve the situation.</p>
問題 5-3	<p><b>【生科系同學】</b> 請問為何我在九月初到生輔組繳交申請文件時，現場櫃台工讀生竟不知如何辦理就讓我在現場等候許久，最後事情也沒有解決，請學校單位聘用工讀生後進行篩選和適當訓練。</p> <p><b>【學務處(生輔組)】</b> 本組工讀生並非業務承辦人員，但同學來生輔組辦理業務時，會詢問和審視申請文件內容後安排業務承辦同仁協處，因9月初適逢剛開學時間，來生輔組申請各項業務學生眾多，若承辦人正處理其他申請同學業務時，會請學生現場排隊稍作等候，若學生未離開現場，一定會完成相關協助，不會有未完成協處就請同學離開的情況；另本組工讀生均有面試篩選，後續也會進行相關訓練及考核，如有服務不周全的情況，可現場立即向生輔組任何一位同仁反應，必定立即處理。</p> <p><b>【Office of Student Affairs】</b> The work-study students in this group are not the actual service providers, but when students come to the Student Affairs Office to handle their business, we will inquire about and review the contents of their application documents before arranging for a staff member to assist them. Because there are many students applying for various services at the beginning of September when school just started, if the staff member is handling other students' applications, the student will be asked to wait in line. If the student does not leave the area, we will definitely complete the relevant assistance and will not ask the student to leave without completing the assistance. In addition, all work-study students in this group are interviewed and screened, and will also receive relevant training and assessments afterward. If there is any inadequacy in the service, you can immediately report it to any staff member in the Student Affairs Office, and it will definitely be dealt with immediately.</p>
問題 5-4	<p><b>【生科系同學】</b> 生科院的教室網路普遍連線狀態不佳(個人的、教室的和學校的)，能否撥經費讓生科院能夠和應科大樓一樣增設訊號強波器？</p> <p><b>【計資中心】</b> 根據統計生科大樓全棟無線基地台僅有15台，數量明顯不足，建議規劃經費改善，計資中心可以根據網路需求使用熱點，提供佈建評估與規劃建議。</p> <p><b>【Computer and Information Network Center】</b> According to statistics, there are only 15 wireless access points in the College of Life Sciences Building, which is clearly insufficient. It is recommended to allocate funds for improvement. The Computer and Information Network Center can use network heatmaps based on network demand to provide deployment assessments and planning recommendations. <b>【生科院】</b> 生科院各公用教室與1、2樓中廊皆佈有AP，經實測連線訊號尚屬正常，倘同學於本大樓使用無線網路連線訊號不佳，可將確切位置反映給院辦，本院將依位置轉知權責單位進行改善。</p>

建議與回應	
	<p><b>【College of Life Sciences】</b></p> <p>Wi-Fi access points (APs) are installed in all classrooms and in the corridors on the 1st and 2nd floors of the College of Life Sciences. Based on test reports, the connection quality is generally stable. If you experience weak or unstable Wi-Fi signals in any area of the building, please report the exact location to the Office of the College of Life Sciences. The office will forward the information to the responsible unit for further improvement.</p>
問題 6	<p><b>【園藝系同學】</b></p> <p>忠明南路上方機車停車場（由東三門左側進入）長期有機車違規停在機車身心障礙停車格內，並影響機車出入，且從未看過有身心障礙改裝機車停車過（有 6 個停車位，可減少數量提供給一般機車停放）違規取締與身心障礙停車格設置動線問題有改善空間。</p>
會 前 書面回應	<p><b>【總務處(事務組)】</b></p> <p>忠明南路停車場的身障車格，將再與廠商前往現場規劃，如果確實有阻擋到出入，本處會再研議停車格的劃設是否有需要重新規劃。</p> <p><b>【Office of General Affairs】</b></p> <p>The accessible parking spaces at the Zhongming South Road parking lot will be reviewed and planned on-site with the contractor. If it is confirmed that the current layout obstructs access, our office will further evaluate whether the parking spaces need to be reconfigured.</p>
問題 7-1	<p><b>【森林系同學】</b></p> <p>iLearning 系統改版後進入介面變成學生登入畫面，還要自己選擇興大登入，使用上麻煩許多（9月初）</p>
會 前 書面回應	<p><b>【教務處(教發中心)】</b></p> <p>iLearning 登入畫面區分「在校教職員生入口」與「非正規生入口」之規劃目的如下：</p> <ol style="list-style-type: none"> <li>1. 因應計資中心於 114 年度調整單一簽入認證規範，系統新增登入選項，以區分不同使用者身分，確保資訊安全與使用穩定性。</li> <li>2. 另本校辦理多項非正式註冊課程，如大學先修課程、暑期微積分課程，以及部分系所開設之碩士學分班、學士後教育學分班等。為使非正式註冊生亦能登入使用教學平台，故於登入頁面設置「非正規生入口」，以符合非正式註冊課程使用需求。</li> </ol> <p><b>【Office of Academic Affairs】</b></p> <p>The design of the iLearning login page differentiates between "Current Faculty, Staff, and Students" and "Non-degree Students" for the following purposes:</p> <ol style="list-style-type: none"> <li>1. In response to the adjustment of the single sign-on authentication specification by the Computer and Information Network Center in 2025, the system has added a new login option to distinguish between different user identities, ensuring information security and system stability.</li> <li>2. Additionally, our university offers several non-degree programs, such as college preparatory courses, summer calculus courses, and certain master's credit programs and post-bachelor education credit programs offered by various departments. To enable non-degree students to access and use the teaching platform, a "Non-degree Student</li> </ol>

建議與回應	
	Entrance" has been added to the login page to accommodate the needs of students enrolled in non-degree programs.
問題 7-2 會 前 書面回應	<p><b>【森林系同學】</b> 中興校務系統也常常有學生反映當機的情況</p> <p><b>【計資中心】</b> 感謝您反映系統使用上的情況。您所提到的問題目前尚未明確原因，建議您先重新登入或稍後再嘗試操作。若問題仍持續發生，請提供錯誤訊息或畫面截圖，並說明發生時間及系統名稱（例如校務系統、選課系統或學生資訊系統等），以利本中心進一步協助查詢。</p> <p><b>【Computer and Information Network Center】</b> Thank you for reporting the issue you encountered while using the system. The cause of the problem is not yet clear. Please try logging in again or attempting the operation later. If the issue persists, kindly provide a screenshot or description of the error message, along with the time it occurred and the name of the system (e.g., Academic Affairs System, Course Selection System, or Student Information System), so that our center can further assist in investigating the issue.</p>
問題 7-3 會 前 書面回應	<p><b>【森林系同學】</b> 學生會長選舉投票是否可以改成線上，變成發公告通知可轉成線上投票並統計人數，在校務系統內加入投票系統</p> <p><b>【學務處(課外組)】</b> 按照學生會目前法規規定學生會會長選舉投票方式為實體投票，若欲改成線上投票需經學生會修法通過後始能執行，相關建議將轉知學生會，由學生會評估研議修法事宜。惟學生自治，修法與否及相關進程，尊重學生會之考量與判斷，若確定要改成線上投票方式，本組亦可協助向計資中心提出申請規劃線上投票系統。</p> <p><b>【Office of Student Affairs】</b> According to the Student Government's current regulations, the voting method for the Student Government President election is in-person physical voting. A shift to online voting would require an amendment to the Student Government's constitution/bylaws, after which it could be implemented. These suggestions will be forwarded to the Student Government, which will evaluate and deliberate on the matter of legal amendment. However, in the spirit of student autonomy/self-governance, we respect the Student Government's consideration and judgment regarding whether or not to amend the law and the relevant timeline. Should they decide to change to an online voting method, our division can assist by submitting an application to the Computing and Information Network Center to plan and develop the online voting system.</p>
問題 8-1 會 前 書面回應	<p><b>【食品暨應用生物科技學系同學】</b> 校內日夜互選之文件未完善，課務組網頁僅提供互選課程申請單，然而選課條件若選F(特殊情形)者，該書面說明之格式無公版標準，致使申請書送達課務組時產生爭議，建議課務組建立文件格式並上傳於網站。</p> <p><b>【教務處(課務組)】</b> 感謝同學之寶貴意見，課務組將盡快研議公版表格，並公告於課務組網頁供學生下載使用。</p> <p><b>【Curriculum Division】</b> Thank you for your valuable feedback. Curriculum Division will promptly review and</p>

建議與回應	
	prepare a standardized form, which will be published on the Curriculum Division website for students to download and use.
問題 8-2 會 前 書面回應	<p><b>【食品暨應用生物科技學系同學】</b> 校內新設置之車輛出口為何平時以路擋擋住，僅校內舉辦大型活動時才將路擋移除開放車輛出校？</p> <p><b>【總務處】</b> 因東一門、東二門設置之出口，平日有較多同學通行，為維護安全故平日以提供同學通行為主，假日期間人流較少，有外借場地辦理大型活動時才開放汽車出校。</p> <p><b>【Office of General Affairs】</b> Since there are more students passing through the 1st East Gate and 2nd East Gate on weekdays, these exits are primarily designated for pedestrian use to ensure safety. On weekends, when pedestrian flow is lower, the gates are opened for vehicle exit only when large-scale events are held by external organizers.</p>
問題 8-3 會 前 書面回應	<p><b>【食品暨應用生物科技學系同學】</b> 食品良好衛生規範準則今年更新後，校內多家餐飲業者尚無法符合水質、儲藏溫度等相關修正規定，建請校方輔導業者改善。</p> <p><b>【總務處(資產經營組)】</b> 與廠商簽訂契約中，已要求遵守政府相關規定，且每月抽驗事項中，包含冰箱溫度及環境清潔等項目，不符者立即請業者改善。水質部分如須納入檢驗，則可與健諮中心再行研議。</p> <p><b>【Office of General Affairs】</b> The contractor is required by contract to comply with relevant government regulations. Monthly inspections include items such as refrigerator temperature and environmental cleanliness, and any non-compliance must be corrected immediately. If water quality testing needs to be included, it can be further discussed with the Health and Counseling Center.</p> <p><b>【學務處(健諮中心)】</b> 同學您好，謝謝您提出關於校內餐飲業者食品儲藏溫度管理的關心。 為了保障校園飲食安全，學校已啟動改善措施，學校針對廠商四大溫度作監控，每周定期去檢查冰箱溫度、乾料庫溫度、熱藏溫度、運輸溫度，若廠商連續二次違反規定，依「國立中興大學餐廳膳食衛生管理要點」第四點第1小點規定開立缺失改善單送請總務處資產經營組依契約書內容罰違約金。溫度監控細項如下：</p> <p><b>一、 冰箱溫度</b></p> <ol style="list-style-type: none"> <li>1. 要求業者每天檢查冷藏(0~)/冷凍設備是否能維持穩定溫度，並設置可顯示溫度的溫度計或電子監測器，並紀錄溫度於校內冷藏/凍設備溫度紀錄表，學校定期查核。</li> <li>2. 要求業者定期清整冰箱擺放，採先進先出原則，散裝食品貼品名及有效日期，避免塞滿導致冷空氣無法循環。</li> <li>3. 發現溫度異常須立即報修、停止使用或調整食材存放方式。</li> </ol> <p><b>二、 乾料庫溫度</b></p> <ol style="list-style-type: none"> <li>1. 要求業者安裝溫濕度計，每天定期紀錄溫濕度於乾物料室溫濕度紀錄表，學校定期查核。</li> <li>2. 必要時加裝除濕機或改善通風</li> <li>3. 食材不得存放於地面，貨架食材需離牆離地 5 公分以上。</li> </ol>

<b>建議與回應</b>	
	<p><b>三、 热藏溫度</b></p> <ol style="list-style-type: none"> <li>1. 要求業者開店前需預熱設備，避免食物剛放入時溫度不足</li> <li>2. 要求業者紀錄熱藏溫度於食品中心溫度紀錄表，學校不定期查核。</li> <li>3. 業者於餐盒上張貼食品裝盛後不能長時間放在室溫，超過2小時未食用需丟棄或重新加熱等文字提醒。</li> </ol> <p><b>四、 運輸溫度：</b></p> <ol style="list-style-type: none"> <li>1. 要求業者驗收時，量測食品表面溫度，並紀錄於表面溫度紀錄表，學校定期查核。</li> <li>2. 請業者要求上游廠商送貨時嚴禁使用一般貨車或未保溫設備運送冷藏/冷凍食品。</li> </ol> <p><b>【Office of Student Affairs】</b></p> <p>Dear Student,</p> <p>Thank you for raising your concerns regarding the temperature management of food storage by campus catering providers. To safeguard food safety on campus, the university has implemented improvement measures. We monitor four key temperature parameters for vendors: refrigerator temperatures, dry storage temperatures, hot holding temperatures, and transport temperatures. These are inspected weekly. Should a vendor breach regulations on two consecutive occasions, a deficiency rectification notice will be issued per Clause 4(1) of the 'National Chung Hsing University Catering Hygiene Management Guidelines'. The Asset Management Division of the General Affairs Office will then impose contractual penalty fees. The detailed temperature monitoring parameters are as follows:</p> <p><b>I. Refrigerator Temperature</b></p> <ol style="list-style-type: none"> <li>1. Operators must daily inspect whether refrigeration (0~) and freezing equipment maintain stable temperatures. Thermometers or electronic monitors displaying temperatures must be installed, with readings recorded on the school's refrigeration/freezing equipment temperature log sheet for regular school verification.</li> <li>2. Operators must regularly organise refrigerator contents following the first-in, first-out principle. Bulk food items must display product names and expiry dates. Avoid overcrowding to ensure adequate cold air circulation.</li> <li>3. Immediately report temperature anomalies for repair, cease usage, or adjust food storage methods.</li> </ol> <p><b>II. Dry Goods Storage Temperature</b></p> <ol style="list-style-type: none"> <li>1. 會 前 書 面 回 應	<p><b>【總務處(事務組)】</b></p> <p>感謝同學對本校校園路牌導引設施的關心與建議，本校東西向長度約 700M，南北向長度約 650M，平均每街廓路段約 120M，校區並非十分寬闊。考量本校去年才維護及更新全校路牌，考量既有路牌版面尺寸、顯示字體大小，另增加尺度恐會有所排擠，本處會再研議評估。</p> <p>若評估可行，學校將在未來的路牌更新計畫中納入距離資訊，以提供更精準的導引服務。另本校首頁及 google 地圖亦顯示校區內各大樓資訊可供查看，感謝同學的用心觀察與寶貴意見，學校將持續努力，打造更友善、更智慧的校園環境。</p> <p><b>【Office of General Affairs】</b></p> <p>Thank you for your concern and suggestions regarding the campus signage and wayfinding facilities. Our campus is approximately 700 meters long from east to west and 650 meters long from north to south, with each block segment averaging about 120 meters. The campus is not particularly wide. Considering that the campus signs were only maintained and updated last year, and taking into account the existing sign size and font size, increasing the size might cause some inconvenience. We will conduct further research and evaluation. Regarding your suggestion to add distance indicators on the signs, the school will conduct further evaluation. However, please note that the campus signage system was refurbished and updated just last year. Additional considerations, such as measuring the actual distances between paths and landmarks, as well as maintaining the design aesthetics and readability after adding new information, must also be taken into account.</p> <p>If the assessment proves feasible, the school will incorporate distance information into future road sign updates to provide more accurate wayfinding services. Information on all buildings on campus is also available on the school's homepage and Google Maps. We appreciate the students' keen observation and valuable feedback; the school will continue its efforts to create a more welcoming and intelligent campus environment.</p>
問題 13	<p><b>【IDPA 同學】</b></p> <p>I am writing on behalf of the International Doctoral Program in Agriculture (國立中興大學國際農學博士學位學程) student group, for which I serve as the leader.</p> <p>Our program is interdisciplinary, and students select a specific academic focus within the agricultural field, such as Plant Pathology or Agricultural Marketing. At present, the official transcript shows only the department name and does not specify a student's chosen major.</p> <p>We have raised this concern with our mentor and the faculty office, who consulted the Office of Academic Affairs. The response indicated that majors are not shown because there are no current regulations for listing them on students' transcripts. The faculty office also advised that this matter would require a university-level decision. Thus, they encourage us to propose this matter to a higher governance level at NCHU.</p>

建議與回應	
	<p>We respectfully request the university's support to add each student's major to the official transcript upon graduation, in addition to the department name for the students of the International Doctoral Program in Agriculture (國立中興大學國際農學博士學位學程). The department title alone is very broad and can make our qualifications appear unclear to employers or postdoctoral committees that seek evidence of specific expertise. Including the major would more accurately reflect our training, strengthen our CVs, and improve our competitiveness in the job market.</p> <p>On behalf of the PhD students in the International Doctoral Program in Agriculture, I sincerely ask for your guidance and intervention to establish a regulation or administrative procedure that allows the students' major to be listed on the transcript.</p>

I signed up for a course, titled, Introduction of Geographic Information Systems, initially I thought it was only an error on the course outline but subsequently it shows same on the transcript. I drew the attention of the teacher concern as I supposed the accurate title should be "Introduction to Geographic Information Systems" but the Professor confirmed it as an error but it requires administrative and committee rectification to solve. Which is a long process and hence not feasible. But I much concerned because, should one present a document with such a title it will not speak well of the school globally, since this course is purported to be taught in English. So I thought to bring this to your attention for such correction to be effected on our transcript as it may carry a wrong impression in a competitive job market.</p>

問題3-2 Q3-2	<p><b>【獸醫系同學】</b></p> <p>最近在我們獸醫系的附近要增設微電網，我們想要請問微電網工程，第一次公聽會的結果似乎不太明確，所以第二次的公聽會會在什麼時候舉辦？為什麼會選址選在獸醫系附近？因為我們獸醫系其實已經很偏僻了。附近人流量很大，因為獸醫系還有動物科系的學生生活都是在這附近，然後每天早上出門，我們獸醫系的實驗可能有時候會做到晚上，所以有時候可能晚上的時候還在那邊。然後我們的動物的部分也很多，就像雞飛狗跳般，所以如果哪一天雞不小心飛進去，微電網不小心產生火花爆炸的問題，如何解決？</p>

Relevant information will also be announced campus-wide.</p> <p>We would first like to clarify to students that a microgrid is not a power plant, nor does it have the characteristics of a thermal power plant. Its function is more similar to the power supply equipment serving the various buildings on campus. Just as each building is equipped with a regular power supply system and an emergency power supply system (such as diesel generators located in basement equipment rooms), the microgrid is also a closed power supply system.</p> <p>Because it is a closed facility, there is no risk of people entering and causing danger. In addition, there are no exposed wires inside the facility, nor will there be installations such as utility poles on campus. Therefore, there are no concerns regarding electric shock or related safety issues.</p> <p>On the day of the information session, we will once again provide students with a comprehensive introduction to how the microgrid operates and its safety features. Please share the webpage information of the "Training and Lecture Activity Registration System" with all departments and units during relevant college-level meetings. At the same time, we will make a unified announcement in the Deans' group and the first-level administrators' group, so that all supervisors can receive the information and further pass it on to their respective units.</p> <p>We hope that all departments and units will proactively upload all types of activities they organize to this system, regardless of their nature. Even if students do not have an immediate need to register, they can still use this platform to stay informed about ongoing activities and information across the entire campus. A wide variety of activities are held throughout the year, but many students may not be aware of them. This platform serves as an excellent entry point for promoting interdisciplinary learning.</p> <p>Although there are only 69 students present today, which is still a relatively small proportion compared to the total of 15,800 students at the university, it is therefore even more important to disseminate information through a systematic approach. I am very grateful that students have raised this suggestion again, and this time we will promote it more seriously and effectively. 問題4-2 Q4-2	<p><b>【國務所同學】</b></p> <p>學生社團空間開放延長(如寒暑假的六日增加)。提供參考案例:臺大威博系統科技門禁群組管制使用、臺師大連假固定開放一日等。</p>
現場回應 Response in the meeting	<p><b>【學務處(課外組組長)】</b></p> <p>關於寒暑假雲平樓僅開放至平日下午五點的安排，主要有幾項考量：</p> <p>首先，過去幾個學期我們曾嘗試延長開放時間，但實際使用的人數偏少，幾乎很少同學在晚間使用，包括社團辦公室在這段時間的使用率也相當低。</p> <p>其次，若延長到週末或晚間持續開放，會產生安全上的疑慮。例如曾有擔心外校人士得知開放制度後，可能尾隨學生進入雲平樓，進而造成管理上的困難。基於安全考量，我們必須審慎評估。</p> <p>再來，在使用率不高的情況下，節能與管理成本也需要考量。因此，這次寒假及暑假我們統一調整為僅開放到平日五點，並與圖書館的寒暑假開放時段一致。</p> <p>目前為止，我們尚未收到多數同學針對開放時間太短的反映。雖然有少部分同學希望能在寒暑假於系辦或系館使用空間，但整體而言，寒暑假期間大多數同學都已返家，因此使用需求仍然不高。</p> <p>除了前面提到的一般規範外，寒暑假期間確實會有部分社團因比賽或特定活動而需要使用校內空間，或需要進出搬運器材。對於這類特殊需求，只要社團事前提出申請，我們都可以協助安排。例如，有些社團需要在寒暑假期間外出比賽，需要提前搬運器材、集合搭車等，只要提前與承辦人員溝通，確認進出時間，我們都會依照指定的時段協助開放，不會造成困難。簡單來說，只要社團提前告知並完成申請，學校都會配合處理。</p> <p><b>【Division Chief of Extracurricular Activities Division】</b></p> <p>Regarding the arrangement that Yunping Building is only open until 5:00 p.m. on weekdays during the winter and summer breaks, there are several main considerations.</p> <p>First, in past semesters we have tried extending the opening hours, but the actual number of users was quite low. Very few students used the building in the evenings, and the usage rate of club offices during that time was also rather low.</p> <p>Second, extending opening hours into the evenings or weekends raises safety concerns. For example, there have been worries that individuals from outside the university might learn about the access policy and follow students into Yunping Building, which would create management and security challenges. For safety reasons, we must evaluate this</p>

	<p>issue carefully.</p> <p>Furthermore, when usage is low, energy consumption and management costs also need to be taken into account. Therefore, during this winter and summer break, we have uniformly adjusted the opening hours to weekdays only, closing at 5:00 p.m., in line with the library's winter and summer break schedule.</p> <p>So far, we have not received feedback from a majority of students indicating that the opening hours are too short. Although a small number of students have expressed a desire to use departmental offices or buildings during the breaks, overall demand remains low, as most students return home during the winter and summer vacations.</p> <p>In addition to the general regulations mentioned above, some clubs do have legitimate needs to use campus facilities during the breaks, such as for competitions, special events, or moving equipment. For such special circumstances, as long as clubs submit an application in advance, we are able to assist with arrangements. For example, if a club needs to transport equipment or gather for travel to an off-campus competition during the winter or summer break, we can coordinate access according to the specified times once prior communication with the responsible staff has been completed. In short, as long as clubs notify us in advance and complete the application process, the university will cooperate and provide the necessary support.</p>

The building is closed on weekday evenings, weekends, and holidays.</p> <p>The following considerations informed the setting of the opening hours for the Yunping Building during the winter and summer vacations:</p> <p>I. Usage Frequency and Energy Conservation Considerations: Due to lower usage frequency during the winter and summer vacations, our unit is responding to policy initiatives to promote environmental protection and energy conservation, avoiding resource waste.</p> <p>II. Safety and Security Considerations: As there are fewer faculty, staff, and students on campus during the evenings and holidays of the winter and summer vacations, these hours are set to prevent illicit events from occurring and to ensure the safety of student activities on campus.</p> <p>III. 問題5 Q5	<p><b>【園藝系同學】</b></p> <p>關於忠明南路上方的機車停車場，首先感謝學校於暑假期間已完成柏油鋪面修繕工程。目前該停車場內的 6 個身心障礙專用停車格仍屢次出現違規停放的情況。一般機車違停在身心障礙停車格，甚至擋到車輛出入，即使周邊一般停車位尚有空位，仍有部分民眾或學生將車輛違規停放於身心障礙停車格，情形相當嚴重。已向駐警隊反應過，但每天都有違停，每天打電話反應並鎖車顯然不是解決通道，建議是否能請警衛室加強巡查與取締，確實實施取締並鎖車、罰款或於現場增設更明確的警示標示與公告，以提醒並勸導學生與民眾勿占用身心障礙停車格，避免造成不便與不尊重的情形。</p>

If illegal parking occurs outside the campus wall, the Taichung City Government's traffic enforcement team will be requested to intervene. In general, the handling of illegal parking on campus follows these principles.</p> <p>In addition, concerning the previous issue with the pedestrian route entering the parking lot at the intersection of Zhongming South Road and Guoguang Road, the university has already made improvements by adjusting the route so that all access to the parking lot is now from within the campus wall. 現場回應 Response in the meeting	<p><b>【文學院院長/學務長】</b></p> <p>因為多年以前的採購規定，好像有明訂綠色採購不能購買含「冰水」功能的飲水機，只能採購提供溫熱水的款式。</p> <p>另外，人文大樓五樓目前有一台可提供冰水的飲水機，院辦公室也有一台。我們也感到很抱歉，連同學喝水的需求都沒有完全滿足。針對這部分，我們會再回去檢視並提出改善。</p> <p>至於男宿校區的部分，如果會後可以提供具體位置，我們也會評估增加飲水機。男宿共有五棟大樓，如果可行，我們希望五棟都能增設有冰水功能的飲水機。前提是確認採購規定是否允許；如果規定可行，那經費方面我們會設法處理。</p> <p><b>【College of Liberal Arts】</b></p> <p>Due to procurement regulations from many years ago, it appears that the green procurement policy explicitly prohibited the purchase of drinking water dispensers with a “chilled water” function, allowing only models that provide hot and warm water.</p> <p>In addition, there is currently one drinking water dispenser that provides chilled water on the fifth floor of the Humanities Building, and another one in the College Office. There are five dormitory buildings in the men's dormitory complex. If feasible, we hope to install drinking water dispensers with a chilled water function in all five buildings. The prerequisite is to confirm whether procurement regulations allow this; if the regulations permit, we will work on arranging the necessary funding.</p>
	<p><b>【環安中心主任】</b></p> <p>其實不只是我們學校，現在多數學校的飲水機冰水功能也都是關閉的。主要原因是冰水功能非常耗能：水必須先煮沸，再經過降溫、製冷，整個過程的能源消耗相當高。</p> <p>因此，如果要全面開放冰水功能，學校在電費上的負擔會十分可觀。這部分我們也會再與校方討論可行性，但也希望同學能多一些體諒，理解其中的能源與成本限制，謝謝。</p>
	<p><b>【Director of Occupational Safety and Health and Environmental Protection Center】</b></p> <p>In fact, it is not only our school—most schools currently have the cold-water function of their water dispensers turned off. The main reason is that producing cold water consumes a large amount of energy: the water must first be boiled, then cooled down and refrigerated, making the entire process highly energy-intensive.</p>
	<p>Therefore, if the cold-water function were to be fully reopened, it would place a significant burden on the school's electricity costs. We will continue to discuss the feasibility of this with the school administration, and we also ask for students' understanding regarding the limitations related to energy consumption and costs. Thank you.</p>
	<p><b>【校長】</b></p> <p>另外補充說明，學校本身也有「2040 淨零碳排」的目標，如果在減碳尚未達成前就因新增設備而提高能耗，確實會帶來壓力。</p> <p>未來如果同學有任何需求，我們會盡量協助、努力滿足。但同時我們也必須遵守政府的政策及學校既有的相關規範；在規定許可的範圍內，我們一定盡力處理，但若因政策限制無法達成，也請同學理解。</p>
	<p><b>【President】</b></p> <p>In addition, we would like to clarify that the university has set a goal of achieving net-zero carbon emissions by 2040. If energy consumption were to increase due to the installation of new equipment before carbon reduction targets are met, this would indeed place additional pressure on the university. Fortunately, there are many convenience stores around campus that can serve as alternative sources for hydration.</p>

	<p>Moving forward, if students have any needs, we will do our best to assist and accommodate them. At the same time, however, we must comply with government policies and the university's existing regulations. 會後補充說明 Post-meeting note	<p><b>【文學院】</b> 文學院現行飲水機設備之設置，係依循校方多年來之採購及節能相關規範辦理，原則上以提供熱水與溫水為主。此一規劃主要考量用電負載、設備維護與飲用水安全管理等因素，並非忽視同學的使用需求。 目前校園內仍有部分公共空間設有提供冰水之飲水機，可供同學彈性使用。對於文學院大樓飲水需求未能完全滿足之處，本院深表歉意，並將納入同學的意見作為後續檢討與設備規劃之參考。 本院將持續關注師生使用需求，並配合校方整體政策，滾動式檢討相關措施。</p> <p><b>【College of Liberal Arts】</b> The drinking water dispensers currently installed in the College of Liberal Arts have been set up in accordance with the University's long-standing procurement and energy-saving regulations, with hot and warm water provided as a general principle. This arrangement is primarily based on considerations such as electrical load, equipment maintenance, and drinking water safety management, and does not reflect a disregard for students' needs.</p> <p>At present, some public areas on campus are equipped with drinking water dispensers that provide chilled water, allowing students to use them flexibly. We sincerely apologize that the drinking water needs within the College of Liberal Arts building have not been fully met, and we will take students' feedback into consideration in future reviews and equipment planning.</p> <p>The College will continue to pay close attention to the needs of faculty and students and will conduct rolling reviews of related measures in coordination with the University's overall policies.</p> <p><b>【環安中心】</b> 鑑於一般「三溫」或「冰熱」型飲水機內含熱水加熱與冷水製冷功能，在提供冰水時，需先將水加熱殺菌，再透過製冷系統降溫，過程中同時使用加熱與製冷設備，導致耗能較高，為節約用電、降低能源負擔，本中心建議優先使用僅具備溫熱功能之飲水機。 敬請全體同學體諒並配合使用僅溫熱模式的飲水設備，共同支持校園節能措施，謝謝。</p> <p><b>【Occupational Safety and Health and Environmental Protection Center】</b> In view of the fact that standard "three-temperature" or "cold-and-hot" water dispensers are equipped with both hot-water heating and cold-water cooling functions, the provision of chilled water requires first heating the water for sterilization and then lowering its temperature through a refrigeration system. This process activates both the heating and cooling components simultaneously, resulting in relatively high energy consumption. To conserve electricity and reduce the energy burden, our center recommends prioritizing the use of water dispensers that provide only warm and hot water.</p>

問題8-2 Q8-2	<b>【外文系同學】</b> 體育館在夏天都不開放冷氣。在樓上的羽球館和地下室的桌球室都會顯得悶熱，不知道是否會開放冷氣？另外，希望能更換桌球桌，因為某些球桌桌面兩邊高低不平。
現場回應 Response in the meeting	<b>【體育室主任】</b> 謝謝同學的反應。關於冷氣的部分，原則上，在開放式空間我們較少啟動冷氣。不過現在氣候比較極端，氣溫確實偏高，如果因為氣候狀況，特別是南風開始吹、地板容易潮濕的時候，我們會啟動冷氣，確保同學在使用空間時的安全。 至於是否能做到全天候開放冷氣，考量到目前學校在節能減碳以及電費方面的壓力，若要做到全天候開放，可能會造成一定的負擔。這部分請容許我再私下與校長討論可行性，之後再向同學們做回覆。 關於桌球桌的問題，我們會立即回去盤點。如果設備有狀況，請同學隨時告訴我們，我們可以立即調整。因為桌球桌在使用時，若同學撲球、撞擊桌面，桌子確實有可能受到影響。因此我們會再次全面檢查；若同學也有發現哪裡有問題，也歡迎隨時反映，我們會即時處理。 <b>【Director of Physical Education and Sports Office】</b> Thank you for the students' feedback. Regarding air-conditioning, in principle, air-conditioning is less frequently activated in open or semi-open spaces. However, with the increasingly extreme climate and persistently high temperatures, when weather conditions—particularly the onset of southern winds—cause the floors to become damp and pose potential safety risks, air-conditioning will be turned on to ensure safe use of the facility. As for the possibility of operating air-conditioning throughout the entire day, considering the current pressures related to energy conservation, carbon reduction goals, and electricity costs, doing so may place a significant burden on the University. Please allow me to further discuss the feasibility of this matter privately with the University President, after which we will provide a follow-up response to the students. Regarding the table tennis tables, we will conduct an immediate inventory and inspection. If any equipment issues are identified, students are encouraged to inform us at any time so that adjustments can be made promptly. As table tennis tables may be affected by intensive use, such as diving for balls or impact during play, we will carry out a comprehensive reinspection. Should students notice any issues, they are welcome to report them at any time, and we will address them without delay.

At present, however, our center is still experiencing staffing shortages.</p> <p>Under these circumstances, and in order to shorten students' waiting time for counseling services, we have temporarily suspended the "Emergency Consultation" service and prioritized allocating our limited staff resources to regularly scheduled counseling appointments, so that students do not have to wait for extended periods.</p> <p>After this adjustment, students are only required to make an appointment by providing five available time slots, without specifying a particular counselor. We will arrange the intake session within seven working days (excluding weekends). Since implementing this approach, the average waiting time for counseling has been reduced by approximately 70%. This semester, the total number of available counseling slots is 426, and these are close to being fully booked.</p> <p>Regarding urgent needs, although Emergency Consultation is currently suspended, our "Walk-in Emotional Support Service" remains in place. In fact, we have previously adjusted the traffic flow once already. The current plan is for the west gate to allow motorcycles to both enter and exit, as it was originally designated as “entry only, no exit.” If students have other suggestions, we are more than willing to review them again.</p> <p>It should be noted that intersections and parking arrangements outside the campus wall fall under the jurisdiction of the Taichung City Government’s Transportation Bureau, while areas inside the campus wall are the responsibility of the university. In the past, there was an area near the pedestrian overpass that provided free motorcycle parking for students. However, for reasons unknown to us, the Transportation Bureau later changed it into a paid motorcycle parking lot. As a result, all motorcycles previously parked there were moved back into the free parking areas within the campus wall, creating greater parking pressure.</p> <p>We will continue to communicate with the Transportation Bureau to see whether the area can be restored to free parking. The original purpose of that parking facility was to serve students, yet the subsequent policy change was made without an explanation to the university.</p> <p>If students have any thoughts or suggestions regarding motorcycle entrances, exits, or parking routes, we sincerely welcome them. 現場回應 Response in the meeting	<p><b>【校長】</b></p> <p>我們的校內活動非常多，幾乎每個系每兩年會舉辦一次週展，隔年也會有不同的活動。因此，我會請公關中心協助彙整與宣傳，協助在網站首頁呈現，讓進入網站的師生、家長一眼就能看到近期有哪些活動正在進行或即將舉辦。</p> <p>第二個部分是活動報名的資訊，我建議也可以在首頁或主要區塊呈現，讓各院、各系所盡量把活動資料主動提供給公關中心，或由公關中心主動協助收集，讓整體宣傳更一致，也更容易被看見。</p> <p>我們學校其實體質非常好，我自己是校友，這些年來的統計數據也都非常亮眼。只是因為我們的校訓「誠樸精勤」，大家都比較樸實，默默做事，不太主動宣傳，所以外界可能不知道我們其實表現非常好。</p> <p>作為校友，我最大的心願就是和大家一起努力，讓學校越來越好。只要是能讓學校更好的事，只要合法，我們都可以討論、都可以調整。我也非常重視與大家面對面溝通，不只是與學生，也會定期與各院系座談，幾乎每個月都會親自去了解狀況。因此，如果大家有任何建議，請直接與學校相關單位聯繫，或直接寫信、Line 都可以，只要是具建設性的意見，我們都會很快處理。</p> <p>今天感謝各位同學提出很多建設性、而且直接的問題。只要你們告訴我還有哪些地方需要改進，我們一定會盡最大努力改善。只要是合理、合法的事情，我都會親自關注並確實處理，我們所有主管也都會一起努力。</p> <p><b>【President】</b></p> <p>Our University hosts a wide range of on-campus activities. Nearly every department organizes a week-long exhibition at least once every two years, and different events are held in the intervening years. Therefore, I will ask the Public Relations Office to assist with compiling and promoting these activities and to feature them on the University's website homepage, so that faculty, students, and parents can easily see which events are currently taking place or will be held in the near future as soon as they visit the website.</p> <p>The second part concerns information on event registration. I suggest that this information also be displayed on the homepage or in prominent sections of the website. We encourage colleges and departments to proactively provide their event details to the Public Relations Office, or for the Office to actively collect this information, so that our overall publicity efforts can be more consistent and more visible.</p> <p>In fact, our University has a very strong foundation. I am an alumnus myself, and the statistical data from recent years have been very impressive. However, guided by our school motto, "Sincerity, Simplicity, Diligence, and Perseverance," we tend to be modest and focus on doing our work quietly rather than actively promoting our achievements. As a result, the public may not be fully aware of how well we are actually performing.</p> <p>As an alumnus, my greatest wish is to work together with all of you to make the University better and better. As long as an initiative helps improve the University and is lawful, it is open for discussion and adjustment. I also place great importance on face-to-face communication—not only with students, but also through regular meetings</p>

If you let me know where further improvements are needed, we will certainly do our utmost to make things better. As long as the matter is reasonable and lawful, I will personally follow up and ensure it is handled properly, and all of our administrators will work together toward that goal.</p>

現場回應 Response in the meeting	<p><b>【校長】</b></p> <p>由於該跨領域學程未能完全符合任何單一系所的標準修業規定，因此無法在畢業證書上標示特定主修。考量到此學程的跨領域性質，相關規定具有一定的彈性，且仍可進一步設計與調整。</p> <p><b>【President】</b></p> <p>A specific major cannot be indicated on the diploma, as the interdisciplinary program does not fully satisfy the standard requirements of any single department. This information will appear on the student's official transcript upon graduation, thereby showcasing the student's academic training while remaining in compliance with relevant regulations and procedures.</p> <p>In addition, the International Doctoral Program in Agriculture communicated these details to its students through a structured questionnaire and surveyed all 41 enrolled students. A total of 37 students expressed their agreement with the proposed approach.</p> <p><b>【教務處】</b></p> <p>依本校現行規定，研究生於申請學位口試前，原即須由指導教授或相關會議確認其研究方向符合所屬系所之專業領域；至於其具體專業範疇，則尊重各系所專業認定。現行成績單格式中，並未另行列示專業領域相關資訊。</p> <p>經研議，若於登錄學位口試題目時同步註記其專業領域，成績單即可相應顯示該項資訊，此作法既符合法規規定，亦屬目前可行之處理方式。</p> <p>另，有關加註專業領域之成績單範本，業已於日前提供學程辦公室參考，學程辦公室亦將邀請學生代表及系上委員召開會議討論。</p> <p><b>【Office of Academic Affairs】</b></p> <p>In accordance with the University's current regulations, graduate students are required, prior to applying for the thesis/dissertation defense, to have their research direction confirmed by their advisor or relevant departmental committees as being consistent with the professional field of their affiliated department. The specific scope of professional specialization is subject to the academic determination of each department. The current transcript format does not separately list information regarding the professional field.</p> <p>A feasible solution is that, once the professional field is confirmed by the department, the student may enter the professional field when recording the thesis/dissertation title in the grading system, and this information may then be displayed on the transcript. This approach complies with existing regulations and is considered the currently feasible method of implementation.</p> <p>Therefore, a sample transcript with the professional field annotation has already been provided to the departmental coordinators for their reference, and the departments will also invite student representatives and departmental committee members to convene a meeting for further discussion.</p>

	<p>in Chinese, which I find very difficult to understand. It has also been hard to get assistance because many lecturers and office staff do not speak much English. I have tried to transfer to the IBPA department twice, but I failed both times because my grades were affected by the language barrier in my current department. In this situation, is it possible for the university to offer special support or more flexible transfer requirements for students who cannot adapt due to language issues? What can I do to increase my chances of transferring?</p>
現場回應 Response in the meeting	<p><b>【校長】</b> 首先，IBPA 的設立正是因為在單一系所中要符合英文授課的相關要求較為困難。不過，透過農業與自然資源學院院長的協助來促成轉系，這個問題是有可能獲得解決的。此外，也建議學習一些中文，這對你的職涯發展可能會有所幫助。</p> <p><b>【President】</b> Firstly, the IBPA was established precisely because meeting the English requirements in an independent department can be difficult. However, this issue may be resolved with the assistance of the Dean of the College of Agriculture and Natural Resources to facilitate the transfer. It is also recommended to learn some Chinese, as it could be beneficial for your career.</p>

問題14-1 Q14-1	<p><b>【森林系同學】</b> 道路的混凝土會導致學生安全，可否改成黃黑交錯的減速帶？</p>
現場回應 Response in the meeting	<p><b>【總務長】</b> 感謝你提出關於減速帶的意見。你所提到的並不是石頭材質的設施，而是早期使用的混凝土式減速帶，因材質較硬、設計起伏較大，因此確實較容易造成通行不便。目前校方已逐步汰換這類混凝土減速帶，改為較柔性、舒適度較高的塑膠款式。依我印象，校內剩下的數量應該已不多。我們會再進行檢查與討論，確認是否還有需要調整或改善的地方，確保學生騎乘安全。</p> <p><b>【Vice President for General Affairs】</b> Thank you for sharing your feedback regarding the speed bumps. What you mentioned are not stone-made facilities, but early-style concrete speed bumps. Due to their harder material and more pronounced design, they can indeed cause inconvenience for users. At present, the school has been gradually phasing out these concrete speed bumps and replacing them with more flexible plastic ones that offer greater comfort. To the best of my recollection, only a small number of the old type remain on campus. We will conduct further inspections and discussions to determine whether any additional adjustments or improvements are needed, in order to ensure the safety of students while riding.</p>
會後補充說明 Post-meeting note	<p><b>【總務處(事務組)】</b> 目前正在研議校區內路突打除相關作業，打除之後將改為減速墊。因工程位置較多，如有確定進行時間，將發送全校通知教職員工生。</p> <p><b>【Office of General Affairs】</b> We are currently planning the removal of speed bumps within the campus, which are expected to be replaced with speed humps after removal. 問題14-2 Q14-2	<p><b>【森林系同學】</b> 腳踏車可再利用，不用直接廢棄。</p>
現場回應 Response in the meeting	<p><b>【環安中心主任】</b> 關於廢棄腳踏車再利用的議題，其實過去也曾有學生提出相關建議。例如以前校內的自行車社團也曾表示，希望能將校園內廢棄腳踏車提供給社團作為活動或維修練習使用。</p> <p>不過，這部分涉及一定的後續法律問題。最大困難在於腳踏車的所有權認定。即使腳踏車長期未被使用、疑似遭遺棄，車主仍未正式授權學校再利用。如果我們將車輛提供給學生或社團使用，日後若有原車主出面表示其腳踏車被「擅自處理」，將可能引發爭議。</p> <p>相較之下，依相關規定將廢棄腳踏車視為「廢棄物」並進行清運處理，法律風險與爭議會較小。事實上，國內也曾有其他大學（如清大）因類似情況而發生過較大的糾紛，因此我們在這方面會更加謹慎。</p> <p>因此，雖然學校過去有多次討論腳踏車再利用的可行性，但因牽涉到所有權與法律責任，目前仍需要進一步評估與研議，才能確保後續處理方式完全合法並避免爭議。</p> <p><b>【Director of the Occupational Safety and Health and Environmental Protection】</b></p>

	<p><b>Center】</b></p> <p>Regarding the issue of reusing abandoned bicycles, students have previously raised similar proposals. For example, the campus cycling club once expressed interest in using abandoned bicycles on campus for club activities or maintenance training.</p> <p>However, this matter involves certain legal issues in follow-up handling. The biggest challenge lies in determining ownership of the bicycles. Even if a bicycle has been left unused for a long time and appears to be abandoned, the owner has not formally authorized the school to reuse it. If the school were to provide such bicycles to students or clubs, disputes could arise should the original owner later claim that their bicycle was “disposed of without authorization.”</p> <p>By comparison, treating abandoned bicycles as “waste” and removing them in accordance with relevant regulations carries lower legal risk and fewer potential disputes. In fact, other universities in Taiwan (such as National Tsing Hua University) have experienced significant disputes in similar situations, which makes us even more cautious in this regard.</p> <p>Therefore, although the school has discussed the feasibility of bicycle reuse on multiple occasions in the past, the issues of ownership and legal liability mean that further evaluation and deliberation are still required to ensure that any future handling is fully compliant with the law and avoids potential disputes.</p> <p><b>【學務處(課外組組長)】</b></p> <p>過去在其他大學也曾發生過相關爭議。記得以前好像是臺大或其他學校，有發生過類似案例：學校認為某輛腳踏車已廢棄，便將其提供給一名學生使用。然而約五年後，原車主在校園內看到另一名學生騎著那輛車，因而提出控告。</p> <p>自從那起事件後，學界普遍對於「將疑似廢棄腳踏車直接再利用」變得相當謹慎，因為所有權不明確會造成法律爭議。</p> <p>因此，雖然廢棄腳踏車再利用的概念具有一定的價值，但考量到過往案例與潛在法律風險，校方仍需審慎研議，才能確保後續處理方式合法、妥當。</p> <p><b>【Office of Student Affairs】</b></p> <p>Similar disputes have occurred at other universities in the past. I recall a case at National Taiwan University or another institution where the school considered a bicycle to be abandoned and provided it to a student for use. However, about five years later, the original owner saw another student riding that bicycle on campus and subsequently filed a lawsuit.</p> <p>Since that incident, universities have generally become very cautious about “directly reusing bicycles suspected of being abandoned,” as unclear ownership can lead to legal disputes.</p> <p>Therefore, although the concept of reusing abandoned bicycles has its merits, in light of past cases and potential legal risks, the university still needs to proceed with careful deliberation to ensure that any subsequent handling is lawful and appropriate.</p>
會後補充說明 Post-meeting note	<p><b>【環安中心】</b></p> <p>本中心僅代表學校清運廢棄物，並無將廢棄腳踏車挪作他用之權限，感謝您的理解與合作。謝謝。</p> <p><b>【Occupational Safety and Health and Environmental Protection Center】</b></p> <p>Occupational Safety and Health and Environmental Protection Center is only authorized</p>
